IN THE STILL OF THE NIGHT Cole Porter

(in the) still of the night

I held you

Held you tight

Cause I Love

I love you so

Promise you'll never let me go

In the still of Night

I remember

That night in MAY

The Stars were brite above

I'll hope & I'll pray

To keep your precious love well before the light

Hold me and gain with all of your might

' cause I love

I love you so

Promise you'll

Never let me go

In the still of the NIGHT
